NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

I personally would like to thank everyone who took the time to attend the All-Sports Banquet here Monday evening and especially thank all of the people who worked making it a success.

While there is no doubt that the youngsters who take part in athletics gain a great deal from the work and experience, it still is a lot of hard work and it takes a lot of their time. And I think that it is important for the parents and other adults of the community to let these kids know that we appreciate their efforts.

Kids and adults are alike— a little thanks goes a long way.

Our congratulations go to the young people who were awarded the special honors at the banquet as they were all especially deserving. I am glad to see this part of the program started because it will give the younger ones a goal to work for.

I just hope that next year the biggest problem will be finding a place big enough to hold the crowd.

Edgar Duncan, over at Piggly Wiggly, passed this along to me the other day and I thought that it was worth sharing.

"WHAT IS AN AMERICAN?"

He yells for the government to balance the budget and then takes the last dime he has to make the down payment on a car.

He whips the enemy and then gives them the shirt off his back.

He yells for speed laws that will stop reckless driving and then won't buy a car if it can't make 100 miles an hour.

An American gets scared to death if we vote a billion dollars for education, but is unconcerned when he finds out we are spending three billion dollars a year for cigarettes.

He knows the line-up for every baseball team in the American and National league — but doesn't know half the words to the "Star Spangled Banner."

He'll spend half the day looking for vitamin pills to make him live longer, then drive 90 miles an hour on slick pavement to make up for the time he lost.

He ties up his dog but lets his 16-year old son run wild.

An American will work hard on a farm so he can move into town where he can make more money so he can move back to the farm.

When an American is in his office he talks about baseball, football or fishing, but when he is out at the games or on the lake, he talks business.

He is the only fellow in the world who will pay 50 cents to park his car while he eats a 25 cent sandwich.

He is never ready for war, but he has never lost one.

We're the country that has more food to eat than any other country in the world and more diets to keep from eating it.

We're the most ambitious people on earth, and we run from morning until night trying to keep our earning power up with our yearning power.

We're supposed to be the most civilized Christian nation on earth, but still can't deliver payrolls without an armored car.

In America we have more experts on marriage than any other country in the world. . . and more divorces.

But we're still pretty nice folks. Calling a person "A Real American" is the best compliment you can pay him. Most of the world is itching for what we have, but they'll never have it until they start scratching for it the way we did.

AWARD WINNERS—Hamlin High School athletes who received high honors at the first All-Sports Banquet held Monday evening are shown with the speaker, Gene Mayfield. From left, are Debbie Hardaway, who received the girls basketball award; Daily Ponder, lineman of the year; Mayfield, head coach and athletic director at West Texas State University; Steve Teichelman, boys basketball award winner; Barry McDonald, track award winner and outstanding back of the year; and Ricky Rodgers, recipient of the All Around Athlete Award. BANQUET--

Special Awards Highlight First All-Sports Banquet

The presentation of special awards climaxed the first annual Hamlin High School All-Sports Banquet held here Monday evening in the high school cafetorium. Approximately 280 were in attendance to honor the 99 boys and girls who are taking part in athletics in the local high school. The event was sponsored by the Pied Piper Booster Club.

Gene Mayfield, successful high school coach and new Athletic Director and Head Coach of West Texas State University, was guest speaker for the occasion.

Winners of the special awards were Debbie Hardaway, Barry McDonald, Steve Teichelman, Daily Ponder and Ricky Rodgers. Each award winner was honored by having their names engraved on a perpetual plaque which will be placed in the high school trophy case and each year a new name will be added.

The award recipients were selected by the coaching staff. Miss Hardaway was given the girls basketball award, McDonald was presented the track award and the football back of the year award, Teichelman was named winner of the basketball award, Ponder was named football lineman of the year and Rodgers was given the All Around Athlete Award.

Outgoing Booster Club President H. L. Ford introduced the retiring officers and introduced the incoming president, James Rodgers. Rodgers in turn introduced the officers for the coming year.

Ford also presented Athletic Director Deane Wright with a check from the club to be used by the athletic department on the purchase of a new film projector.

All of the students taking part in the athletic program were introduced by classes by the coaching staff, Coaches Wright, Bobby King and Don Drummond.

Coach Mayfield, who was introduced by Coach Wright, spoke on competitive athletic programs and pointed out that the trend in many parts of the country is to do away with this type of program.

He said, "All of us, young and old, have some association with competition." He noted that competition goes back to the very beginning as God and the devil are in competition for men's souls and a record is being kept.

He told the fans present that sometimes you lose just because the other team is better and that you should not crowd the youngsters into giving you an excuse for losing but should offer them encouragement to do better. He said that if they did their best they will try even harder and if they had not done their best they already know it and with encouragement will try harder.

He told the athletes to get involved 100 percent. He told them to not just play around the edges but to get totally committed — those not totally involved hurt themselves and their teammates.

Turning to the parents, Mayfield told them to support their youngsters because if they are 100 percent involved it is likely because they are doing it to please mama and daddy.

He said it is because "you have taught them to stand up and be counted."

Coach Wright presented certificates of appreciation to the outgoing Booster Club officers, Ford, president; Burt Oliver, vice president; Floyd Smith, secretary-treasurer, and directors, Whitey Braley, Wayne Hodnett, Raymond Scifes and Bob Craig. He also presented certificates to James Wright and Charles Reed for their part in filming the football games last fall.

The incoming officers to serve with Rodgers are Claude McDonald, vice president; Ewell Mackey, secretary-treasurer; and directors, Melvin Scott, Kenneth Hertel and Ford.

Rev. Howard Jones served as master of ceremonies. Mrs. Marvin Carlton played organ dinner music. Gene Johnston gave the invocation and Rev. Marshall Stewart gave the benediction.

The high school cheerleaders led the assembly in singing The Piper Song.

Local P-TA Sets Final Meeting of Year Here Today

The Hamlin Parent-Teacher Association will hold its final meeting of the year today (Thursday) at 4 p.m. in the primary cafetorium. The theme for the meeting is "Resume and Reorganize."

Mrs. Ray Edmiston, president, will preside and will present the president's report. The officers for the coming year to be installed are James Stewart, president; Mrs. Milton Carter, first vice president; Mrs. Steve Reynolds, second vice presireary; Mrs. Coye Pritchard, dent; Mrs. Charles Nall, secteasurer; Mrs. Rollins Roth, publicity chairman; and Mrs. Ray Edmiston, parliamentarian.

The thought for the month will be given by Mrs. Coye Pritchard, and the prayer will be given by the Rev. Howard Jones, pastor of the First Baptist Church.

HAMLIN FOUNDATION REPRESENTATIVES TO MEET MONDAY

Representatives of the Hamlin Foundation will meet at 7 p.m. Monday, May 10, at the office of the Board of Community Development.

Several important items of business concerning the operation of the swimming pool will be handled.

City Sets 2-Week Clean-up Campaign

Mayor H. W. Madden has proclaimed May 3-14 as City-wide Cleanup Week and is urging everyone to clean their property in preparation for the pick up of trash that will start May 17.

A concerted effort on the part of many citizens is already underway. A drive to eliminate old abandoned cars has been in progress for several weeks initiated by the Community Action Committe of the Hamlin Board of Community Development. Ellis West and Jerry Smith are serving as co-chairmen of the committee. Persons with abandoned cars that need to be removed should call the BCD office.

In the extreme Southwest section of the city several retired persons have joined in a neighborhood effort to clean up on Southwest Eleventh Street.

Mr. and Mrs. R. A. Wright, Mr. and Mrs. W. C. Lockhart and J. R. Elliott have been working on their street ridding it of tin cans, trash and heavy mesquite growth.

Mr. Elliott said that he had lived there 30 years and this is the first time it has been cleaned up. Also, it is now possible to see the McCaulley highway from their street, the neighbors said.

Volunteers are needed to work on the cleanup campaign and Tuesday and Thursday evenings at 6 p.m. and Saturday mornings at 9 a.m. have been designated as work days. Anyone who can help is asked to meet at the city barn on Tuesday and Thursday and at Hamlin Restaurant on Saturdays.

Ellis West, city sanitation superintendent, said this week that only trash in barrels will be picked up until May 17 when the trash trucks will be put into operation. He reminds that only the regular pickup schedule will be followed.

Everyone is urged to have their trash and debris ready for pickup on May 17 because the trucks will cover the town only one time.

New State Law To Require Proof Of Shots for School

Mrs. W. W. Wallace, school nurse, has issued a statement that concerns all parents of school age children.

A new state law passed last week in Austin according to the State Health Department requires all school children to bring written proof that they have been immunized against what is called the Big Six, diphtheria, Rubella measles, tetanus, polio, small pox and Rubeola measles.

Mrs. Wallace said that this law goes into effect beginning with the next school term.

"Under normal circumstances," Mrs. Wallace said, "these immunizations are started about age three months but your family doctor should be consulted."

During the clinic last Thursday sonsored by the Hamlin Parent-Teachers Association, 193 children were given the Rubella measles vaccine. Assisting with the clinic was John H. Black of the Texas State Health Department division of Communicable Diseases.

Arnold's Carpet Company to Open Store Here Today

Mr. and Mrs. R. Y. Cloud, Hamlin residents for the past two years, are announcing the opening of Arnold's Carpet Co. here Thursday morning at 329 South Central.

The Clouds, who are in partnership with Lester R. Arnold of Big Spring, will manage the local store.

The store will be open from 8 a.m. to 5 p.m daily.

Mr. Cloud is a former salesman for a jewelry company. The couple moved here from Las Cruces, N. Mex.

Tornado Sighted Here Tuesday

A tornado was sighted west of Hamlin Tuesday evening during the time that Hamlin was under a severe weather alert.

Frank Shearer and Jerry Pritchard, members of the Civil Defense Unit, sighted the tornado at 5:59 p.m. eight miles west of Hamlin in the Hitson Community.

They reported to the Hamlin Police Department that the twister was in the area between the TP Oil Camp and the Rotan Highway and passed north of the Steve Reynolds farm. The twister touched down in open country and no damage was reported.

Cancer Crusade Raises $1,007 In Hamlin Drive

Mrs. LaFoy Patterson, Jones County chairman for the Cancer Crusade, reports that $1,007 had been donated in Hamlin to the cause.

Mrs. Patterson said, "As chairman for Jones County, I want to say thank you to all who helped thus far in our crusade in Hamlin."

Worekrs are still needed to complete the drive, she said.

Anyone who has an hour or so to help with this may pick up materials and be assigned a street by contacting Jean Dillard at West Texas Utilities Co.

The goal for Hamlin was set at $2,000.

BRYAN WASSON NEW NIGHT DEPUTY IN MIDLAND COUNTY

Bryan Wasson, former Police Chief for the City of Hamlin, was sworn in Tuesday as a deputy sheriff in Midland, according to Midland County Sheriff Ed Darnell.

Darnell said that Wasson will work the night shift as a deputy.

FFA to Sponsor Rabies Shots Here At Ag Building

Rabies shots will be given from 2 to 5 p.m. in the shop building of the vocational agriculture department of Hamlin High School.

Dr. Barry Allen of Rotan will administer the shots. The project is under the sponsorship of the Hamlin Future Farmers of America Chapter.

Dogs and cats will be vaccinated for $2.50 per pet.

Bake Sale

The Campfire girls will hold a bake sale Saturday starting at 9 a.m. in front of McDonald's building.

Mrs. Charles Currie of Dallas spent the weekend with her aunt, Addie Tabb and attended the funeral of her great-aunt, Mrs. Ada McClure.

LOADING LUGGAGE—Making sure all the luggage is put on one of the two chartered buses are these boys from the Senior Class as they prepare for the Senior Trip to Colorado. From left, are Charles Sellers, David Mullings, Greg Perrin and Gary McMillan. The seniors left here Tuesday and will return about 8 p.m. Saturday. (Photo by Tim Jones)

DISTRICT 4-H WINNERS — Placing third in the District 4-H Club Contests held in Wichita Falls Saturday were Debbie Cary, left, public speaking; and Brenda Williams, right, food demonstration on nutritional education. Parents of the girls are Mr. and Mrs. Robert Cary and Mr. and Mrs. Lewis Williams.

Local Girls Win Third In District 4-H Club Contest

Melinda Rodgers of the Anson 4-H Club was a blue ribbon winner in the meat group of the 4-H Favorite Food Show at the district contest held at Midwestern University at Wichita Falls. Angelia Roberts of Anson was a red ribbon winner in the milk group; Betsy Thompson of Anson was a red ribbon winner in the fruit-vegetable group and Becky Jones of Anson was a red ribbon winner in the bread-cereal group of the Favorite Food Show, according to Jones County Home Demonstration Agent Mrs. Mary Y. Newberry.

Debbie Cary of Hamlin won third in the public speaking contest and Brenda Williams of Hamlin won third in the foods-nutrition educational activity contest.

The Jones County 4-Hers were accompanied to Wichita Falls by several of the girls' parents and Mr. and Mrs. Newberry. Mrs. Cary went from Hamlin.

The recipes for the foods that the four 4-H club girls prepared for the four different food groups at Wichita Falls are:

TATER TOT CASSEROLE
Melinda Rodgers

2 lbs. hamburger meat
1 small onion, chopped
1 cup sweet milk
½ lb. grated cheese
1 can cream of mushroom soup
1 teaspoon salt
½ teaspoon pepper
Tater tots

Brown hamburger meat and chopped onion in skillet; stir in salt, pepper, soup, milk, grated cheese. Mix well. Place in shallow baking dish. Cover top with tater tots. Cook about 35 minutes in 325 degree oven. Serves 10 people. Needs to be served hot.

LEMON PIE DELUXE
Angelia Roberts

1 small container Cool Whip (thawed)
1 14 oz. can Eagle Brand milk
1 small can frozen lemonade (thawed)
1 baked pie shell
1 small container Cool Whip (thawed) for top

Blend first three ingredients until smooth. Pour into baked pie shell. Top with remaining Cool Whip. Chill. Serves 6.

FRUIT SALAD
Betsy Thompson

1 30 oz. can apricots and syrup
1 13 oz. can pineapple tidbits and syrup
3 bananas (cut into round slices)
1 3 3/4 oz. package vanilla instant pudding mix

Mix all ingredients in large bowl and stir until the pudding mix is dissolved in the fruit syrup. Chill. Serve as a salad or a dessert. Serves 10-12.

CARROT CAKE
Becky Jones

Beat until creamy: 2 cups sugar, 1 1/4 cups Crisco oil, 4 whole eggs.

Sift and mix: 2 cups flour, 3 teaspoons cinnamon, 2 teaspoons soda, ½ teaspoon salt.

Add dry mixture with oil mixture. Add 3 cups grated carrots and 2 teaspoons vanilla. Bake in two 9-inch well greased and floured cake pans for 30-35 minutes in a preheated oven at 350 degrees.

ICING

3 cups powdered sugar
1 8 oz. package cream cheese
1 stick of butter
2 cups pecans
2 teaspoons vanilla

Mix cream cheese and butter; add powdered sugar, pecans and vanilla.

Hamlin High Happenings

Piper Patter

by Tony Lewis
Shelley Holtz
Toni Casey

This school year is fast moving to a close. For the Seniors, it is the end of a phase of life. For the Juniors, it is the inheritance of the power previously held by the Seniors. For the Sophomores, it is the beginning of summer vacation. For the Freshmen, it is just another step up the ladder. Life in Hamlin High School will continue without the Seniors, but as far as this Senior is concerned, I don't see how.

HHS

The Seniors are off to cool Colorado this week. After four years of hard work, they are finally getting a vacation.

HHS

The Hamlin bands will present their annual Spring "Parade of Music" Friday, May 14, at 7:30 p.m. in the Hamlin School Auditorium. Tickets for the concert may be purchased from any band member.

HHS

The Spanish Club traveled to Abilene Saturday to sample some of the food of Mexico. They enjoyed a meal of enchiladas, tacos, tamales, and heartburn in pleasant Mexican surroundings and returned home full of knowledge and the food of Mexico.

HHS

The Devotional Tri-Chairmen have been selected for the 1971-72 school year. They are Latrese Williams, Jeanie Ferguson, and Rodney Rackley.

OUTDOORS IN TEXAS

BY VERN SANFORD

Here's an unusual outdoors story! We got a chuckle out of it . . . . and perhaps you may, too.

Most everyone has heard the story of the hunter who had an exceptional retriever. It walked on water!

One day the hunter took a friend out in his boat, along with that supernatural dog. As soon as a flock of ducks flew overhead, the dog owner aimed, fired and dropped a duck into the lake. Immediately, the dog jumped out of the boat and walked on top of the water to the felled bird, mouthed it and . . . . again walking on top of the water . . . . returned to the hunters with the duck. There was no comment from the other hunter.

It wasn't long until his master shot another duck; and the dog repeated his water-walking act. Still no comment!

When it happened the third time and his companion hadn't emitted a word, the dog owner finally asked his friend "What do you think of my retriever?" To which the second hunter replied: "I think he oughta learn how to swim!"

Maybe that wasn't a true story—but this one is.

UT Journalism Prof. Olin Hinkle has a place on Lake Travis to relax and fish. One of his neighbors has a fine dog that has been taught to retrieve and loves to do it. Also to swim!

Often, while Olin is fishing from his boat, the dog will jump into the water, swim out to the boat and join the professor.

Being a retriever, the animal jumps overboard after every cast and heads for the spot where Olin's top-water chugger is making noise. This poses a problem for Olin for he has to be sure that the lure and its hooks never get too close to the dog.

One time, unfortunately, it happened. The dog grabbed the lure in its mouth and headed back to the boat. It climbed aboard with the hooks still in its jaws.

Olin finally removed the sharp points of the treble hooks from the retriever's mouth as it sat there calmly awaiting attention and emitting not one whine.

But, did you ever see a fisherman reeling in a dog? That's how it looked to strangers.

Another of Hinkle's Lake Travis neighbors has a water-loving dog that enjoys a swim too. In fact, he's so fond of being in the water, that the animal mystifies the new boaters in the area when they see him sitting on large, just barely submerged boulders some distance from shore.

Can you imagine a boater turning the corner in a cove and coming upon a dog just resting there on top of the water, in the middle of the lake? That's how it looks and that's what he does. And often too!

H & R Block Seeks To Open Franchise Office In Hamlin

Ron McCrory, area manager for H & R Block in Abilene indicated that there are plans for his company to open an office in Hamlin for the 1972 tax season, through an exclusive "Satellite" Franchise Program.

Mr. McCrory explained that the Satellite Franchise Program was developed to make available to every community a qualified tax preparation service. "Every citizen today needs competent help in the preparation of his tax return," stated Mr. McCrory. " A person just cannot afford to be a once-a-year expert in this field."

Mr. McCrory cited many reasons for Block's rapid growth to over 5,000 officee natin-wide this year. McCrory stated "The Block Satellite Franchise is designed to be compatible with existing service businesses such as insurance agencies, real estate brokers, or bookkeeping services. The franchise is provided with necessary training and supplies, along with direct supervision by the company."

H & R Block was founded in Kansas City in 1955 and is projected to grow to over 6,000 offices for the 1972 filing season. This number will include over 2,000 franchised offices.

Mr McCrory also stated, "The goal of H & R Block is to provide the taxpaying public with a convenient service when it is most needed. To accomplish this goal in communities under 15,000 population, the company selects a responsible member of the community for the franchise program. Hamlin is one of the planned 2,000 franchised outlets for 1972.

FIRST TRAFFIC SAFETY LAW—Gov. Preston Smith congratulates sponsors after signing the first traffic safety bill passed by the 62nd Legislature. The sponsors are, left to right, Rep. Jim Nugent, Kerrville; Sen. Jim Bates, Edinburg; and Frank Calhoun, Abilene. The new law changes many provisions of Texas law to conform with the uniform traffic code being enacted by many states across the country. Several more new traffic laws still await legislative action. While signing the bill, the Governor called for a "crack-down" by law enforcement officials in the fight against traffic violators.

Severely Burned, Naval Engineer Is Rehabilitated through Social Security

At 5 p.m. on August 9, 1962, James L. Caldwell went home from his engineering job at the U.S. Naval Experimental Station in Annapolis, Maryland. He didn't know it, but his next workday would not come until 4 years later.

On that August evening, Caldwell was burned over 70 percent of his body while lighting an outdoor grill. The accident, ensuing complications, left him totally blind and paraplegic at the age of 25.

That's the beginning, not the end, of Jim Caldwell's story. In just 14 months, he had completed a physical rehabilitation program administered by the Maryland Rehabilitation Agency and had moved into his own apartment.

But Caldwell wasn't satisfied. Using his engineering skills, he designed a wheelchair that could be moved by shrugging the shoulders.

He began receiving monthly social security disability benefits 7 months after his accident and continued to get them throughout his rehabilitation. "The best thing about social security benefits," Caldwell says, "is that you earn them from your own work under social security."

Jim went on to complete a job training course in computer programming and got a job as a programmer with the Chesapeake & Potomac Telephone Company.

One obstacle remained. It was impossible to enter the company building by wheelchair because all the entrances had steps up from the ground.

But Jim Caldwell's inventive mind solved that problem, too. He designed a hydraulic lift to be installed at one of the entrances.

Social security first began reimbursing State agencies for the cost of rehabilitating social security disability beneficiaries in 1965. Since then, social security has paid more than $60 million for the rehabilitation of more than 21,000 disabled beneficiaries.

By making more rehabilitation money available to agencies, social security enabled States to help disabled people like Caldwell—who might not otherwise get the help—to return to productive lives.

Jim Caldwell has conquered his handicap and proven his ability. Since starting with the C & P Telephone Company, he has been promoted to staff associate.

And he met and married Karen Bishop, manager of the plant cafeteria. Caldwell is now busy designing a home for them.

REHABILITATED — Blind and paraplegic from a burn accident, James L. Caldwell completed a physical rehabilitation program in 14 months, then took a computer programming course, is now a staff associate at Chesapeake & Potomac Telephone Company. State rehabilitation programs are partly financed by social security.

Have a question about social security and its retirement, survivors, disability or Medicare benefits? See your telephone directory for the phone number and address of the nearest social security office.

Aspermont Rites Held Friday for I. E. Smith Jr., 41

I. E. (Cotton) Smith Jr., 41, was found dead in bed Thursday morning at his home near Hamlin. His physician said he had apparently suffered a heart attack.

Funeral was held at 3 p.m. Friday in First Baptist Church with the Rev. Clyde Cook of Austin and the Rev. James Wood, pastor of Central Baptist Church officiating.

Burial was in Aspermont Cemetery under the direction of Littlepage Funeral Home.

Mr. Smith was an employee of Joe Rimes Oilfield Construction and had lived in Stonewall County all his life. He married Mary Dena July 20, 1966. He was a member of First Baptist Church in Aspermont.

Survivors are his wife of Hamlin; two sons, Eddie, a student at Hardin-Simmons University in Abilene and Doug who lives with his grandparents Mr. and Mrs. I. E. Smith Sr., Mr. Smith's parents; one brother, Thomas of Hamlin; one sister, Mrs. Maxine Brown of Big Lake.

Pallbearers were Tom Rutherford, Alton Boles, Tony Roa, Charles Six, George McCoy and Alvin Graham.

HAIL CURB STUDIES — A California firm, Atmospherics, Inc., received a permit from the Texas Water Development Board to conduct hail suppression operations in the Plainview area from May through October.

Supporters hope to reduce crop-damaging hail by aerial seeding of selected clouds with silver iodide.

I used to have a handicap.

There are an awful lot of other people who could be saying the same thing.

Five million, in fact.

But the real pity is they don't even know it.

What's wrong with them? Heart disease. Cancer. Epilepsy. Stroke. Visual or hearing problems. Mental retardation or emotional illness. Loss of limbs. Or any of dozens of disabling conditions.

What's more, the HURRAH program can help them.

Because HURRAH stands for "Help Us Reach & Rehabilitate America's Handicapped."

HURRAH can provide the job training, the medical aid and the guidance that can make the difference between living a handicapped life and really starting to live.

If you think you've got a handicap, write to HURRAH, Box 1200, Washington, D.C. 20013.

We'll send you free information on rehabilitation, and a directory that lists the rehabilitation agencies in your state.

If we can change your way of life, maybe we can change your mind, too.

NEWS FROM . . .

Sylvester

By MRS R M BABB

Hope you each had a good weekend and for every Mother this coming weekend, please try to have a wonderful day May 9th.

Mrs. J. E. Tindall has returned home having spent two weeks in Stephenville with her daughter Hazel instead of visiting in Marshall.

Mr. and Mrs. Frank Martin of Monmouth, Ore., have been visiting with Mrs. Eivens and Mrs. Frances Dean on the farm home near McCaulley, also in the Milo Gray Home here. Mrs. Eiven and Mrs. Dean live in Ft. Worth.

Mrs. Lee Lanning and daughter Revelie of Elgin Field, Fla. are here visiting with her parents, the Garland Moores of Roby and the Jim Lannings here while Capt. Lanning is on a training mission in Georgia.

Mr. and Mrs. Arthur Maberry of Stephenville visited in the Melvin Thompson home and the Albert Maberry home in Trent.

Mr. and Mrs. A. J. Griffin are spending some time here but will soon return to Oklahoma City.

Melissa Hardwick of Abilene spent the weekend with her parents the Chub Hardwicks.

Guests in the Lea Dickerson home during the last week were Mr. Ray Hale and friend from Ft. Worth, Mrs. Lottie Mooreman and Glenna Cunningham of Abilene, Viola Howell and a friend from Crosbyton, Mr. and Mrs. O. W. Reeves and Tracy of Cisco and Mrs. Ruby Dickerson of Rotan.

Mr. and Mrs. Glendon Early of San Angelo spent Sunday in the Cliff Early home. Cliff was able to spend the weeken at home but returned to the Nursing Home in Roby on Monday. We hope he will soon be able to come home to stay.

Mrs. Lea Dickerson visited Mrs. Ed Aldridge in Rotan last Wednesday.

Mr. and Mrs. Irl Walker of Merkel visited for a short time in the Dickerson home on Saturday evening.

I have always said if people in Sylvester decided to do something, they would get it done. We have a huge "THANK YOU" to each and every one that helped out in any way Saturday to clean the Sylvester Cemetery. A beautiful job was done and it looks wonderful. We still hope for donations to help to keep it clean.

Mrs. Vada Riggs and Mrs. Walter Young of Abilene spent some time Saturday afternoon with Mrs. May Hurst.

Mr. and Mrs. W. B. Brown drove to Levelland and spent the weekend in the Max Deel home.

Talked to Dutch Roberts yesterday and he was feeling fair. He seems to be doing better but is still in Hamlin hospital.

Mrs. Jerry Kiser of Abilene is spending a few days in the Roy Kiser home.

Mr. and Mrs. Jack Perkins of Jayton visited relatives in Sylvester Saturday afternoon.

Mr. and Mrs. Joe Perales and children of Albany spent the weeked in the home of Pete Perales.

All Day Training Meeting On Aging Set In Anson Tues.

An all day training meeting for the aging will be held in the Government Housing Project Community Center in Anson on Tuesday, May 11th, according to an announcement this week by Mrs. Arch Herndon, president of the local group on aging and Mr. E. M. Connell, Chairman of the Extension program sub-committee on aging.

Mrs. Theda Gallway, Field Consultant with the Governors Committee on Aging from Austin and Miss Minnie Bell, specialists in Family Life Education-Aging from Texas A&M University, will conduct the training meeting.

The meeting will be attended by delegates from Haskell, Childress, Fisher, Stonewall and Jones Counties. Other aging groups should feel free to send representatives to the meeting if they choose.

The program will start at 9:00 a.m. and conclude at 3:00 p.m. Arrangements for the meetng are being made by County Extension Agents Mary Newberry and Kirby Clayton, along with the Jones County Committee on Aging.

Funeral Services Held Monday for Ira Green, 68

Services for Ira Green, 68, were held at 3 p.m. Monday at the Church of Christ with Gene Johnston, minister, and Rev. Marshall Stewart, pastor of the Church of the Nazarene, officiating.

Mr. Green, a Hamlin resident for 60 years and former Celotex Corp. employee, died at 2:45 a.m. Sunday in Hamlin Memorial Hospital.

He was born Mar. 25, 1903 in Van Zandt County, the son of the late Mr. and Mrs. John Green.

He was married to Hattie Holden at Munday, Jan. 10, 1928.

Survivors include his wife; one son, Charles W. Green of Waco; four daughters, Mrs. Mack (Hopie) Sellers of Hamlin, Mrs. Bill (Irma) Subberth of Jackson, Miss., Mrs. Glenn (Nita) Posey of Rotan and Mrs. Loss (Jo) Story of Abilene; two brothers, Bonnie Green of Lubbock and John C. FROM THE FILES . . .

FORTY-FIVE YEARS AGO
(April 30, 1926)

The Herald has received notice that Rotan will be host to a great crowd of visitors on Sunday, May 2, to dedicate their new $100,000 High school building.

Dr. Sandifer of Simmons University will deliver the chief address at 3:00 o'clock in the large auditorium of the building.

Hamlin people have a special invitation to attend next Sunday afternoon to witness the opening or dedication of this splendid new school building.

A special program for mothers and children will be held at the Methodist church at Neinda the Second Sunday in May. Everybody is invited to attend and bring a well filled basket, for this will be an all day program. In the morning the formal exercises by the children and a service for mothers at eleven o'clock hour. There will be special music and a general singing in the afternoon. All the above is said by the request of the committee in charge.

The best class, in the best school, in the best town, in the best part of Texas, presents "Tea Toper Tavern" at the High School Auditorium, Friday evening, April 30th.

There will be laughs, tears, fun, heart-throbs, thrills, love making, marriage and giving in marriage—all in the Senior play and by members of the senior class. It is not necessary to say that this will be the best play ever staged in Hamlin, but we urge you to come and see yourself.

This will be the last public appearance of the Seniors until Commencement night, and every person in Hamlin is expected to come.

TWENTY YEARS AGO
(May 11, 1951)

The mayor and city council as well as citizens of Hamlin were anxiously scanning the skies this week in the earnest hope that a rain would come that would ease the water shortage in Hamlin's new lake.

Estimates are varied as to the length of time the water now in the lake will last even under the emergency curtailment of use now in effect. In anticipation of the posibility that no rains would fall that would add to the water in the lake, the mayor and council have made arrangements to obtain water from wells at Rule and work is going forward to that end.

Rule has volunteered to sell a moderate supply of water to Hamlin should the need arise. It will be necessary that the city build a loading rack at the Rule wells to handle the water for shipment and Mayor Mac Brundage told The Herald that some difficulty had been encountered in obtaining pipe from which to build the rack.

Tentative plan is that each Hamlin household would be allowed 3,000 gallons of water per month from the limited supply allotted to Hamlin from Rule. The loading, transportation and handling of the water in Hamlin is an expensive undertaking and hopes are still expressed that the move will not be necessary.

Large commercial users of the water have been informed that service cannot be continued.

Estimates are that from seven to eight thousand gallons of water are consumed by the average family in normal use.

TEN YEARS AGO
(May 4, 1961)

The Hamlin School Bands under the direction of Tim Jones, will present the second annual Parade of Music Monday at 7:30 p.m. in the high school auditorium.

This is a musical highlight of the year's band activities. The John Philip Susa Band Award will be presented to the senior student who has been outstanding as a band member, and whose attitude and conduct best exemplifies the goals set forth by the school music program.

Tickets for the event will be adults 50¢ and students 25¢. They may be purchased from members of the band.

Following the program a reception will be held in the bandhall for all parents and friends of the band.

Mr. Jones stated, "We feel that the show will be enjoyed from start to finish, and hope that every citizen in Hamlin will be present for an evening of relaxation and listening enjoyment."

The city council has opened West Lake for fishing and permits are available at the city hall or at the lake. The permits are $5 for either the South or West Lakes or $7.50 for both lakes. All fishing permits for the City of Hamlin expired April 30th.

The Jones County Farm Bureau will show a film on Communism Monday night at 8 p.m. in the Anson High School Auditorium.

Everyone is cordially invited to attend the showing.

The Lone Star Gas Company has announced formation of an Area Development department to supplement existing company programs of attracting new industry to its system in Texas and Oklahoma.

Vice President Barndt said the new department is part of Lone Star's continuing effort "to serve our community better."

Neinda Philosopher Wants Ping-Pong Champion China to Try Basketball

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One gets into the ping-pong matches this week.

Dear editar:

According to most newspapers I've read lately, the celebrated ping-pong matches between the Americans and the Chinese champions are opening up a new era in international relations and everybody hopes it's true, but it won't hurt to keep on alert.

If you recall, we got invited I guess that's the word, to a war over in that part of the world and whatever you want to say about the results, they haven't been happy. Nobody knows what the score is or how much time is left, the officiating has been terrible, very few people are left in the cheering section, and changing the coaching staff hasn't warmed up the fans' enthusiasm much.

You never can tell about these Orientals. You notice it was a ping-pong, not a football, team they asked us to send over there to play with.

However, if in discharging our obligations to return the favor, the State Department figures it would be undiplomatic or indelicate to ask the Chinese to send a football team over here to take on the Baltimore Colts or the Dallas Cowboys, why not ask them to send over a basketball team? We've got to even up this ping-pong thing one way or another. You ever see any seven-foot Asiatics? Let's get em over here before Wilt Chamberlain or Bill Russell get to old.

Seriously, sports may be the answer to world turmoil, and I've got a plan. There are now nearly 500 million television sets in the world and as everybody knows, football, once a fan gets hooked on it on television, leaves no time for much of anything else.

Since a football player can't hold up to playing 12 months out of the year, the world should be divided into three conferences, one to play during the fall and early winter, one in the spring, and one in the summer, with all games televised world-wide. It might take a little time for a fan in Hamlin to get interested in the Peking Bandits or the Sidney Kangaroos, but it could be done.

You get an average of 3 people to the set, and you'd have nearly a billion people glued to their screens watching football the year around.

Where's the leader who could work in a war under these circumstances?

Yours faithfully,
J. A.

Student Initiated Into Honor Society

James Knabel, Spanish language student at Hardin-Simmons University, was among 13 H-SU students initiated into Alpha Mu Gamma, national foreign language honor society.

Initiation was Saturday, May 1.

James is the son of Mr. and Mrs. Gene Knabel.

MOTHER

It is so important that a child feel secure and loved the first weeks and months of its life. Our foremost authorities say that if a child's spiritual and emotional welfare is neglected in the early weeks of life, there is a great chance of permanent damage to its personality growth.

Therefore, on this day, we honor not only the beloved mothers of our adults and youth, but the very young mother who has both the tremendous responsibility and the precious opportunity to mold the life and character of the very young child. May she seek early God's help, who in the person of the Son, said, *"Suffer the little children to come unto me."*

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

LETTERS TO EDITOR

Expresses Thanks For Clean Up Work

Dear Editor,

I would like to publicly voice my thanks and appreciation to the men of the BCD and city employees who have been giving of their time and efforts in an attempt to clean up our city. It has not been easy and it will never be an easy task, but with the help of each and every citizen we can make Hamlin one of the prettiest towns in Texas.

The thing that worries me is the lack of interest and help of so many people. All of the work so far has been dne by about 20 men. Does this mean that the rest of the men do not care about the appearance of our home town? If each man would give 3 to 4 hours one night per month, by the end of the summer Hamlin would be a much cleaner place to live. Some of the ladies organizations are beginning to take an active part and their help is greatly needed and appreciated.

If you do not believe these men have been working, drive out the Stamford Highway and look just west of the Baptist Mission and see the mountain of junk cars that have been picked up. But, there is much more to the cleanup campaign than picking up the cars and there is something that each one of us can do.

Are you willing to do your part to make Hamlin a cleaner, prettier place to live?

Again, my thanks to all who have helped and had a part in the cleanup campaign.

Sincerely,
Harold D. Fleming
Pastor
North Central Baptist Church

Bill providing for 10-2 jury verdicts and comparative negligence doctrine in some civil damage cases was passed and sent to the governor who is weighing advice to veto it.

STATE Capital NEWS

AUSTIN, — Tax bill action switched back to the House this week after Senate passage of a $662.3 million revenue measure.

Senate passed its version of the tax bill 22-9 after rejecting six separate attempts to insert a corporation profits levy by narrow (usually 16-15) margins and six other amendments. Only amendment of substance attached in floor debate was a half-cent-a-gallon increase in diesel fuel levy to make it the same as the gasoline tax.

Here is what the bill (HB 730) now calls for and its estimated biennial yield:

Increase sales tax rate from 3.25 to four percent, $288.5 million.

Increase motor vehicle sales tax to four per cent and bring auto rentals under levy, $79.4 million.

Raise corporation franchise tax from $3.25 per $1,000 to $4.50, $102.6 million over three year period.

Increase cigarette tax three cents a pack to 18.5 cents, highest figure in the nation, with one cent dedicated to park development, $46.7 million.

Raise the gasoline tax from five to seven cents a gallon, $102.1 million.

Increase beer tax from $4.30 to $6 a barrel, $28.8 million.

Increase diesel fuel tax one half cent, to seven cents a gallon, $4 million.

House Speaker Gus Mutscher took an early dim view of the gasoline tax in particular, and a conference committee was expected to adjust differences.

Stripped from the House bill were taxes on hotel rooms, stock transactions, jet fuel, admissions and entertainment and sand, gravel and shell. Senate also more than doubled the House verson of the franchise tax.

COURTS SPEAK — State Supreme Court agreed to set a hearing on the issue of whether district attorneys can file a barrage of suits to prevent stores from using various devices to get around Texas' Sunday closing laws.

A Houston clinic can be sued along with a doctor-partner in it for alienation of affections, Supreme Court held in a split decision.

High Court, reversing an intermediate court, held that the Austin suburb of West Lake Hills is a legally-incorporated city, but its attempted annexation of territory to the north of its original boundaries is invalid.

Third Court of Civil Appeals held that six Texas A & M University employees cannot draw state salaries and serve on the College Station City Council at the same time.

Same Court reversed the state savings and loan commissioner's finding that a charter should be granted to a savings and loan concern in Pasadena.

A new trial of the disputed sale contract involving a Killeen radio station was ordered by the Third Court.

AG OPINIONS — Legislations permitting the transfer of persons convicted of a felony at their request to the state prison system pending appeals of criminal cases is costitutional, Atty. Gen. Crawford C. Martin has held. Martin warned that constitutional problems may arise if such prisoners are required to work or disciplined as convicts.

In other recent opinions, Martin concluded that:

A coin operated machine delivering trade discount tickets and options to purchase other tickets is an illegal gaming device.

Potter County may contract with a private non-profit institution for the care and supervision of juvenile delinquents.

A water supply corporation organized under Article 1434a, civil statutes, is required to operate as a no-profit corporation.

Harris County domestic relations judge may serve on Texas Southern University board of directors.

City or county bond interest and sinking funds may be used only for paying interest on bonds or redeeming them.

Travis County may employ an ambulance service for residents outside audience and use city streets for transporting patients to hospitals without a city franchise if all safety standards are met.

LIVESTOCK EXPORT RECORDS SET — Agiculture Commissioner John C. White pointed to a dramatic increase in breeding swine and beef cattle exported from Texas during th first quarter of 1971.

White said Texas producers are continuing to set the pace for the nation in swine exports to foreign countries.

Swine exports jumped 240 per cent over the previous year during the first quarter, and beef cattle exports 140 per cent.

Mexico continues to be the best market for export sales, although shipments are made to 20 countries, White said.

HAIL CURB STUDIES — A California firm, Atmospherics, Inc., received a permit from the Texas Water Development Board to conduct hail suppression operations in the Plainview area from May through October.

Supporters hope to reduce crop-damaging hail by aerial seeding of selected clouds with silver iodide. About 550 backers contributed $128,600 to finance the cloud-seeding.

WELFARE ECONOMIFS URGED — Lt. Gov. Ben Barnes followed through on his warning that medicaid welfare spending may "bankrupt" the state with proposals for trimming the bill an estimated 25-30 per cent for 1972-73.

Barnes suggested these steps:

A limit on the time welfare patients can stay in the hospital.

A limit on the cost of hospital rooms.

A fixed fee schedule for doctors on welfare cases.

A surgical benefit schedule as in private insurance plans.

SMITH REQUESTS PARK FUNDS — Governor has urged federal authorities release more than $3.2 million in Bureau of Outdoor Recreation funds for 20 state and and 34 local park-rec-projects.

He accused the Republican administration of delaying funds "for partisan political reasons." Smith said the BOR is awaiting advice of federal solicitor and U. S. District Attorney Segal Wheatley of San Antonio before approving projects signed by Pearce Johnson, Parks and Wildlife Commission chairman as state liaison officer in parks matters.

Johnson blocked the use of $2.1 million in BOR funds released for Mustang Island ark purchase early this year with federal court action.

Largest of the grants being held up is $731,300 for the new McKinney Falls State Park.

SHORT SNORTS

Governor Smith signed into law the new "rules of road" legislation to bring Texas highway laws into conformity with other states.

Also signed by the Governor was a bill to provide a special pool for insurance coverage in areas subject to hurricane and tornado disaster.

Bill providing for 10-2 jury verdicts and comparative negligence doctrine in some civil damage cases was passed and sent to the governor who is weighing advice to veto it.

Parks and Wildlife Department is hearing proposals this week to expand the either-sex deer season from four to 24 counties.

JOHN PATTERSON
. . . gets appointment

Grandson Gets Air Force Academy Appointment

John Patterson, son of Mr. and Mrs. Alton Patterson of Ballinger and grandson of Mr. and Mrs. Johnie Agnew of Hamlin, has been appointed to the United States Air Force Academy.

He received a nomination from Congressman Omar Burleson in January and got the message last week that he had been found fully qualified for admission.

Patterson was born in Hamlin Feb. 1, 1953, and will graduate this month from Ballinger High School. He has served as president of his class for four consecutive years and is now vice president of the Senior Class. He was chosen class favorite two years and is the current Mr. Ballinger High School. He is also a member of the National Honor Socieiy and played fullback and linebacker on the Bearcat football team.

He is scheduled to report to the Academy in Colorado Springs, Colo, July 5.

Patterson's mother is the former Ann Agnew, a graduate of Hamlin High School with the class of 1949.

Rep. Frank Calhoun To Attend Seminar On Health Needs

AUSTIN, — Some 30 state legislators from 15 southern states will convene in New Orleans, Louisiana May 6-7 for an important seminar on "The Health Needs of the American Public."

The meeting, co-sponsored by the National Society of State Legislators, The Council of State Goverment, and The National Legislative Conference will be held at the Sheraton Charles Hotel in New Orleans.

Texas State Representative Frank W. Calhoun, Abilene, is a member of the Board of Governors of NSSL.

Topics to be explored include the nature and degree of shortages and maldistribution of medical care personnel and facilities; major reasons for zooming health care costs; the role of group practice plans; advantages of ambulatory or "out-patient' care; means to make medical care more available in economically depressed areas, proposals for national health insurance now before Congress, and the role of state governments and legislatures in these areas.

"Health care is one of the most vital and important political and humanitarian issues facing us today," Representative Calhoun said. "We expect this seminar to be an invaluable and enlightening experience for concerned legislators in the South", Representative Calhoun added.

Speakers scheduled include Mr. Vernon Seifert, Executive Director of the New Orleans Area Health Planning Council and Dr. Walter Burnett, Director of the Graduate Program in Health Services and Hospital Administration for Tulane

Roby Fiberglass Firm Sets Open House Saturday

Roby Fiberglass Manufacturing Co. will hold open house Saturday, May 8, from 9 a.m. to 7 p.m., according to Mr. and Mrs. Ivin Martin, owners.

Fiberglass employees: Mr. and Mrs. Melvin Thompson, Kenneth Martin, Roy Whisnat, Jimmy Hess, Bud Ely, Troy Moore, Scott Pardue, invite everyone to see their products on display.

They build Dune Buggie bodies, spray tanks from 110 gallons to 1000 gallon sizes, buildings, cattle watering tanks, automatic water troughs with float and electric heaters, dog houses in two sizes, 4 wheel syrup feeders in three sizes, salt feeders for cattle, and storm cellars with vents, stairs and hand rails and doors, ready to use.

They construct pickup campers, fishing boats, house trailer shells, tool boxes for pickups, and numerous items for use in and around the house or farm. They even have glass cowheads for ropers to practice roping on.

The public is cordially invited to come and see the products Saturday. Refreshments will be served.

Mr. and Mrs. Joe A. Simpson attended the presentation of Mendelssohn's "Elijah" by the Hardin-Simmons University School of Music combined choirs and orchestra Sunday evening in the Abilene Civic Center. Featured on the tuba was C. A. Jenkins of Hamlin. Several from Hamlin attended the event.

Also signed by the Governor was a bill to provide a special pool for insurance coverage in areas subject to hurricane and tornado disaster.

DDD is your biggest Long Distance bargain.

Direct Distance Dialing is the fast, easy way to call Long Distance — and you get three calls for the price of two. That's because your call always goes through at low station-to-station rates . . . costs about one-third less than person-to-person calls.

If you're looking for a bargain in Long Distance calls, remember these simple instructions the next time you call:

1. Dial "1"
2. Dial the Area Code if it's **different** from your own
3. Then dial the telephone number

So go ahead, dial your Long Distance calls direct. It's the fastest, easiest, thriftiest way to call Long Distance.

NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

I personally would like to thank everyone who took the time to attend the All-Sports Banquet here Monday evening and especially thank all of the people who worked making it a success.

While there is no doubt that the youngsters who take part in athletics gain a great deal from the work and experience, it still is a lot of hard work and it takes a lot of their time. And I think that it is important for the parents and other adults of the community to let these kids know that we appreciate their efforts.

Kids and adults are alike— a little thanks goes a long way.

Our congratulations go to the young people who were awarded the special honors at the banquet as they were all especially deserving. I am glad to see this part of the program started because it will give the younger ones a goal to work for.

I just hope that next year the biggest problem will be finding a place big enough to hold the crowd.

Edgar Duncan, over at Piggly Wiggly, passed this along to me the other day and I thought that it was worth sharing.

"WHAT IS AN AMERICAN?"

He yells for the government to balance the budget and then takes the last dime he has to make the down payment on a car.

He whips the enemy and then gives them the shirt off his back.

He yells for speed laws that will stop reckless driving and then won't buy a car if it can't make 100 miles an hour.

An American gets scared to death if we vote a billion dollars for education, but is unconcerned when he finds out we are spending three billion dollars a year for cigarettes.

He knows the line-up for every baseball team in the American and National league — but doesn't know half the words to the "Star Spangled Banner."

He'll spend half the day looking for vitamin pills to make him live longer, then drive 90 miles an hour on slick pavement to make up for the time he lost.

He ties up his dog but lets his 16-year old son run wild.

An American will work hard on a farm so he can move into town where he can make more money so he can move back to the farm.

When an American is in his office he talks about baseball, football or fishing, but when he is out at the games or on the lake, he talks business.

He is the only fellow in the world who will pay 50 cents to park his car while he eats a 25 cent sandwich.

He is never ready for war, but he has never lost one.

We're the country that has more food to eat than any other country in the world and more diets to keep from eating it.

We're the most ambitious people on earth, and we run from morning until night trying to keep our earning power up with our yearning power.

We're supposed to be the most civilized Christian nation on earth, but still can't deliver payrolls without an armored car.

In America we have more experts on marriage than any other country in the world... and more divorces.

But we're still pretty nice folks. Calling a person "A Real American" is the best compliment you can pay him. Most of the world is itching for what we have, but they'll never have it until they start scratching for it the way we did.

AWARD WINNERS—Hamlin High School athletes who received high honors at the first All-Sports Banquet held Monday evening are shown with the speaker, Gene Mayfield. From left, are Debbie Hardaway, who received the girls basketball award; Daily Ponder, lineman of the year; Mayfield, head coach and athletic director at West Texas State University; Steve Teichelman, boys basketball award winner; Barry McDonald, track award winner and outstanding back of the year; and Ricky Rodgers, recipient of the All Around Athlete Award. BANQUET--

Special Awards Highlight First All-Sports Banquet

The presentation of special awards climaxed the first annual Hamlin High School All-Sports Banquet held here Monday evening in the high school cafetorium. Approximately 280 were in attendance to honor the 99 boys and girls who are taking part in athletics in the local high school. The event was sponsored by the Pied Piper Booster Club.

Gene Mayfield, successful high school coach and new Athletic Director and Head Coach of West Texas State University, was guest speaker for the occasion.

Winners of the special awards were Debbie Hardaway, Barry McDonald, Steve Teichelman, Daily Ponder and Ricky Rodgers. Each award winner was honored by having their names engraved on a perpetual plaque which will be placed in the high school trophy case and each year a new name will be added.

The award recipients were selected by the coaching staff. Miss Hardaway was given the girls basketball award, McDonald was presented the track award and the football back of the year award, Teichelman was named winner of the basketball award, Ponder was named football lineman of the year and Rodgers was given the All Around Athlete Award.

Outgoing Booster Club President H. L. Ford introduced the retiring officers and introduced the incoming president, James Rodgers. Rodgers in turn introduced the officers for the coming year.

Ford also presented Athletic Director Deane Wright with a check from the club to be used by the athletic department on the purchase of a new film projector.

All of the students taking part in the athletic program were introduced by classes by the coaching staff, Coaches Wright, Bobby King and Don Drummond.

Coach Mayfield, who was introduced by Coach Wright, spoke on competitive athletic programs and pointed out that the trend in many parts of the country is to do away with this type of program.

He said, "All of us, young and old, have some association with competition." He noted that competition goes back to the very beginning as God and the devil are in competition for men's souls and a record is being kept.

He told the fans present that sometimes you lose just because the other team is better and that you should not crowd the youngsters into giving you an excuse for losing but should offer them encouragement to do better. He said that if they did their best they will try even harder and if they had not done their best they already know it and with encouragement will try harder.

He told the athletes to get involved 100 percent. He told them to not just play around the edges but to get totally committed — those not totally involved hurt themselves and their teammates.

Turning to the parents, Mayfield told them to support their youngsters because if they are 100 percent involved it is likely because they are doing it to please mama and daddy.

He said it is because "you have taught them to stand up and be counted."

Coach Wright presented certificates of appreciation to the outgoing Booster Club officers, Ford, president; Burt Oliver, vice president; Floyd Smith, secretary-treasurer, and directors, Whitey Braley, Wayne Hodnett, Raymond Scifes and Bob Craig. He also presented certificates to James Wright and Charles Reed for their part in filming the football games last fall.

The incoming officers to serve with Rodgers are Claude McDonald, vice president; Ewell Mackey, secretary-treasurer; and directors, Melvin Scott, Kenneth Hertel and Ford.

Rev. Howard Jones served as master of ceremonies. Mrs. Marvin Carlton played organ dinner music. Gene Johnston gave the invocation and Rev. Marshall Stewart gave the benediction.

The high school cheerleaders led the assembly in singing The Piper Song.

Local P-TA Sets Final Meeting of Year Here Today

The Hamlin Parent-Teacher Association will hold its final meeting of the year today (Thursday) at 4 p.m. in the primary cafetorium. The theme for the meeting is "Resume and Reorganize."

Mrs. Ray Edmiston, president, will preside and will present the president's report. The officers for the coming year to be installed are James Stewart, president; Mrs. Milton Carter, first vice president; Mrs. Steve Reynolds, second vice presireary; Mrs. Coye Pritchard, dent; Mrs. Charles Nall, secteasurer; Mrs. Rollins Roth, publicity chairman; and Mrs. Ray Edmiston, parliamentarian.

The thought for the month will be given by Mrs. Coye Pritchard, and the prayer will be given by the Rev. Howard Jones, pastor of the First Baptist Church.

HAMLIN FOUNDATION REPRESENTATIVES TO MEET MONDAY

Representatives of the Hamlin Foundation will meet at 7 p.m. Monday, May 10, at the office of the Board of Community Development.

Several important items of business concerning the operation of the swimming pool will be handled.

City Sets 2-Week Clean-up Campaign

Mayor H. W. Madden has proclaimed May 3-14 as Citywide Cleanup Week and is urging everyone to clean their property in preparation for the pick up of trash that will start May 17.

A concerted effort on the part of many citizens is already underway. A drive to eliminate old abandoned cars has been in progress for several weeks initiated by the Community Action Committe of the Hamlin Board of Community Development. Ellis West and Jerry Smith are serving as co-chairmen of the committee. Persons with abandoned cars that need to be removed should call the BCD office.

In the extreme Southwest section of the city several retired persons have joined in a neighborhood effort to clean up on Southwest Eleventh Street.

Mr. and Mrs. R. A. Wright, Mr. and Mrs. W. C. Lockhart and J. R. Elliott have been working on their street ridding it of tin cans, trash and heavy mesquite growth.

Mr. Elliott said that he had lived there 30 years and this is the first time it has been cleaned up. Also, it is now possible to see the McCaulley highway from their street, the neighbors said.

Volunteers are needed to work on the cleanup campaign and Tuesday and Thursday evenings at 6 p.m. and Saturday mornings at 9 a.m. have been designated as work days. Anyone who can help is asked to meet at the city barn on Tuesday and Thursday and at Hamlin Restaurant on Saturdays.

Ellis West, city sanitation superintendent, said this week that only trash in barrels will be picked up until May 17 when the trash trucks will be put into operation. He reminds that only the regular pickup schedule will be followed.

Everyone is urged to have their trash and debris ready for pickup on May 17 because the trucks will cover the town only one time.

New State Law To Require Proof Of Shots for School

Mrs. W. W. Wallace, school nurse, has issued a statement that concerns all parents of school age children.

A new state law passed last week in Austin according to the State Health Department requires all school children to bring written proof that they have been immunized against what is called the Big Six, diphtheria, Rubella measles, tetanus, polio, small pox and Rubeola measles.

Mrs. Wallace said that this law goes into effect beginning with the next school term.

"Under normal circumstances," Mrs. Wallace said, "these immunizations are started about age three months but your family doctor should be consulted."

During the clinic last Thursday sonsored by the Hamlin Parent-Teachers Association, 193 children were given the Rubella measles vaccine. Assisting with the clinic was John H. Black of the Texas State Health Department division of Communicable Diseases.

Arnold's Carpet Company to Open Store Here Today

Mr. and Mrs. R. Y. Cloud, Hamlin residents for the past two years, are announcing the opening of Arnold's Carpet Co. here Thursday morning at 329 South Central.

The Clouds, who are in partnership with Lester R. Arnold of Big Spring, will manage the local store.

The store will be open from 8 a.m. to 5 p.m daily.

Mr. Cloud is a former salesman for a jewelry company. The couple moved here from Las Cruces, N. Mex.

Tornado Sighted Here Tuesday

A tornado was sighted west of Hamlin Tuesday evening during the time that Hamlin was under a severe weather alert.

Frank Shearer and Jerry Pritchard, members of the Civil Defense Unit, sighted the tornado at 5:59 p.m. eight miles west of Hamlin in the Hitson Community.

They reported to the Hamlin Police Department that the twister was in the area between the TP Oil Camp and the Rotan Highway and passed north of the Steve Reynolds farm. The twister touched down in open country and no damage was reported.

Cancer Crusade Raises $1,007 In Hamlin Drive

Mrs. LaFoy Patterson, Jones County chairman for the Cancer Crusade, reports that $1,007 had been donated in Hamlin to the cause.

Mrs. Patterson said, "As chairman for Jones County, I want to say thank you to all who helped thus far in our crusade in Hamlin."

Worekrs are still needed to complete the drive, she said.

Anyone who has an hour or so to help with this may pick up materials and be assigned a street by contacting Jean Dillard at West Texas Utilities Co.

The goal for Hamlin was set at $2,000.

BRYAN WASSON NEW NIGHT DEPUTY IN MIDLAND COUNTY

Bryan Wasson, former Police Chief for the City of Hamlin, was sworn in Tuesday as a deputy sheriff in Midland, according to Midland County Sheriff Ed Darnell.

Darnell said that Wasson will work the night shift as a deputy.

FFA to Sponsor Rabies Shots Here At Ag Building

Rabies shots will be given from 2 to 5 p.m. in the shop building of the vocational agriculture department of Hamlin High School.

Dr. Barry Allen of Rotan will administer the shots. The project is under the sponsorship of the Hamlin Future Farmers of America Chapter.

Dogs and cats will be vaccinated for $2.50 per pet.

Bake Sale

The Campfire girls will hold a bake sale Saturday starting at 9 a.m. in front of McDonald's building.

Mrs. Charles Currie of Dallas spent the weekend with her aunt, Addie Tabb and attended the funeral of her great-aunt, Mrs. Ada McClure.

LOADING LUGGAGE—Making sure all the luggage is put on one of the two chartered buses are these boys from the Senior Class as they prepare for the Senior Trip to Colorado. From left, are Charles Sellers, David Mullings, Greg Perrin and Gary McMillan. The seniors left here Tuesday and will return about 8 p.m. Saturday. (Photo by Tim Jones)

DISTRICT 4-H WINNERS — Placing third in the District 4-H Club Contests held in Wichita Falls Saturday were Debbie Cary, left, public speaking; and Brenda Williams, right, food demonstration on nutritional education. Parents of the girls are Mr. and Mrs. Robert Cary and Mr. and Mrs. Lewis Williams.

Local Girls Win Third In District 4-H Club Contest

Melinda Rodgers of the Anson 4-H Club was a blue ribbon winner in the meat group of the 4-H Favorite Food Show at the district contest held at Midwestern University at Wichita Falls. Angelia Roberts of Anson was a red ribbon winner in the milk group; Betsy Thompson of Anson was a red ribbon winner in the fruit-vegetable group and Becky Jones of Anson was a red ribbon winner in the bread-cereal group of the Favorite Food Show, according to Jones County Home Demonstration Agent Mrs. Mary Y. Newberry.

Debbie Cary of Hamlin won third in the public speaking contest and Brenda Williams of Hamlin won third in the foods-nutrition educational activity contest.

The Jones County 4-Hers were accompanied to Wichita Falls by several of the girls' parents and Mr. and Mrs. Newberry. Mrs. Cary went from Hamlin.

The recipes for the foods that the four 4-H club girls prepared for the four different food groups at Wichita Falls are:

TATER TOT CASSEROLE
Melinda Rodgers

2 lbs. hamburger meat
1 small onion, chopped
1 cup sweet milk
½ lb. grated cheese
1 can cream of mushroom soup
1 teaspoon salt
½ teaspoon pepper
Tater tots

Brown hamburger meat and chopped onion in skillet; stir in salt, pepper, soup, milk, grated cheese. Mix well. Place in shallow baking dish. Cover top with tater tots. Cook about 35 minutes in 325 degree oven. Serves 10 people. Needs to be served hot.

LEMON PIE DELUXE
Angelia Roberts

1 small container Cool Whip (thawed)
1 14 oz. can Eagle Brand milk
1 small can frozen lemonade (thawed)
1 baked pie shell
1 small container Cool Whip (thawed) for top

Blend first three ingredients until smooth. Pour into baked pie shell. Top with remaining Cool Whip. Chill. Serves 6.

FRUIT SALAD
Betsy Thompson

1 30 oz. can apricots and syrup
1 13 oz. can pineapple tidbits and syrup
3 bananas (cut into round slices)
1 3 3/4 oz. package vanilla instant pudding mix

Mix all ingredients in large bowl and stir until the pudding mix is dissolved in the fruit syrup. Chill. Serve as a salad or a dessert. Serves 10-12.

CARROT CAKE
Becky Jones

Beat until creamy: 2 cups sugar, 1 1/4 cups Crisco oil, 4 whole eggs.

Sift and mix: 2 cups flour, 3 teaspoons cinnamon, 2 teaspoons soda, ½ teaspoon salt.

Add dry mixture with oil mixture. Add 3 cups grated carrots and 2 teaspoons vanilla. Bake in two 9-inch well greased and floured cake pans for 30-35 minutes in a preheated oven at 350 degrees.

ICING

3 cups powdered sugar
1 8 oz. package cream cheese
1 stick of butter
2 cups pecans
2 teaspoons vanilla

Mix cream cheese and butter; add powdered sugar, pecans and vanilla.

Hamlin High Happenings

Piper Patter

by Tony Lewis

This school year is fast moving to a close. For the Seniors, it is the end of a phase of life. For the Juniors, it is the inheritance of the power previously held by the Seniors. For the Sophomores, it is the beginning of summer vacation. For the Freshmen, it is just another step up the ladder. Life in Hamlin High School will continue without the Seniors, but as far as this Senior is concerned, I don't see how.

HHS

The Seniors are off to cool Colorado this week. After four years of hard work, they are finally getting a vacation.

HHS

The Hamlin bands will present their annual Spring "Parade of Music" Friday, May 14, at 7:30 p.m. in the Hamlin School Auditorium. Tickets for the concert may be purchased from any band member.

HHS

The Spanish Club traveled to Abilene Saturday to sample some of the food of Mexico. They enjoyed a meal of enchiladas, tacos, tamales, and heartburn in pleasant Mexican surroundings and returned home full of knowledge and the food of Mexico.

HHS

The Devotional Tri-Chairmen have been selected for the 1971-72 school year. They are Latrese Williams, Jeanie Ferguson, and Rodney Rackley.

OUTDOORS IN TEXAS

BY VERN SANFORD

Here's an unusual outdoors story! We got a chuckle out of it . . . . and perhaps you may, too.

Most everyone has heard the story of the hunter who had an exceptional retriever. It walked on water!

One day the hunter took a friend out in his boat, along with that supernatural dog. As soon as a flock of ducks flew overhead, the dog owner aimed, fired and dropped a duck into the lake. Immediately, the dog jumped out of the boat and walked on top of the water to the felled bird, mouthed it and . . . . again walking on top of the water . . . . returned to the hunters with the duck. There was no comment from the other hunter.

It wasn't long until his master shot another duck; and the dog repeated his water-walking act. Still no comment!

When it happened the third time and his companion hadn't emitted a word, the dog owner finally asked his friend "What do you think of my retriever?" To which the second hunter replied: "I think he oughta learn how to swim!"

Maybe that wasn't a true story—but this one is.

UT Journalism Prof. Olin Hinkle has a place on Lake Travis to relax and fish. One of his neighbors has a fine dog that has been taught to retrieve and loves to do it. Also to swim!

Often, while Olin is fishing from his boat, the dog will jump into the water, swim out to the boat and join the professor.

Being a retriever, the animal jumps overboard after every cast and heads for the spot where Olin's top-water chugger is making noise. This poses a problem for Olin for he has to be sure that the lure and its hooks never get too close to the dog.

One time, unfortunately, it happened. The dog grabbed the lure in its mouth and headed back to the boat. It climbed aboard with the hooks still in its jaws.

Olin finally removed the sharp points of the treble hooks from the retriever's mouth as it sat there calmly awaiting attention and emitting not one whine.

But, did you ever see a fisherman reeling in a dog? That's how it looked to strangers.

Another of Hinkle's Lake Travis neighbors has a water-loving dog that enjoys a swim too. In fact, he's so fond of being in the water, that the animal mystifies the new boaters in the area when they see him sitting on large, just barely submerged boulders some distance from shore.

Can you imagine a boater turning the corner in a cove and coming upon a dog just resting there on top of the water, in the middle of the lake? That's how it looks and that's what he does. And often too!

H & R Block Seeks To Open Franchise Office In Hamlin

Ron McCrory, area manager for H & R Block in Abilene indicated that there are plans for his company to open an office in Hamlin for the 1972 tax season, through an exclusive "Satellite" Franchise Program.

Mr. McCrory explained that the Satellite Franchise Program was developed to make available to every community a qualified tax preparation service. "Every citizen today needs competent help in the preparation of his tax return," stated Mr. McCrory. " A person just cannot afford to be a once-a-year expert in this field."

Mr. McCrory cited many reasons for Block's rapid growth to over 5,000 officee natin-wide this year. McCrory stated "The Block Satellite Franchise is designed to be compatible with existing service businesses such as insurance agencies, real estate brokers, or bookkeeping services. The franchise is provided with necessary training and supplies, along with direct supervision by the company."

H & R Block was founded in Kansas City in 1955 and is projected to grow to over 6,000 offices for the 1972 filing season. This number will include over 2,000 franchised offices.

Mr McCrory also stated, "The goal of H & R Block is to provide the taxpaying public with a convenient service when it is most needed. To accomplish this goal in communities under 15,000 population, the company selects a responsible member of the community for the franchise program. Hamlin is one of the planned 2,000 franchised outlets for 1972.

FIRST TRAFFIC SAFETY LAW—Gov. Preston Smith congratulates sponsors after signing the first traffic safety bill passed by the 62nd Legislature. The sponsors are, left to right, Rep. Jim Nugent, Kerrville; Sen. Jim Bates, Edinburg; and Frank Calhoun, Abilene. The new law changes many provisions of Texas law to conform with the uniform traffic code being enacted by many states across the country. Several more new traffic laws still await legislative action. While signing the bill, the Governor called for a "crack-down" by law enforcement officials in the fight against traffic violators.

Severely Burned, Naval Engineer Is Rehabilitated through Social Security

At 5 p.m. on August 9, 1962, James L. Caldwell went home from his engineering job at the U.S. Naval Experimental Station in Annapolis, Maryland. He didn't know it, but his next workday would not come until 4 years later.

On that August evening, Caldwell was burned over 70 percent of his body while lighting an outdoor grill. The accident, ensuing complications, left him totally blind and paraplegic at the age of 25.

That's the beginning, not the end, of Jim Caldwell's story. In just 14 months, he had completed a physical rehabilitation program administered by the Maryland Rehabilitation Agency and had moved into his own apartment.

But Caldwell wasn't satisfied. Using his engineering skills, he designed a wheelchair that could be moved by shrugging the shoulders.

He began receiving monthly social security disability benefits 7 months after his accident and continued to get them throughout his rehabilitation. "The best thing about social security benefits," Caldwell says, "is that you earn them from your own work under social security."

Jim went on to complete a job training course in computer programming and got a job as a programmer with the Chesapeake & Potomac Telephone Company.

One obstacle remained. It was impossible to enter the company building by wheelchair because all the entrances had steps up from the ground.

But Jim Caldwell's inventive mind solved that problem, too. He designed a hydraulic lift to be installed at one of the entrances.

Social security first began reimbursing State agencies for the cost of rehabilitating social security disability beneficiaries in 1965. Since then, social security has paid more than $60 million for the rehabilitation of more than 21,000 disabled beneficiaries.

By making more rehabilitation money available to agencies, social security enabled States to help disabled people like Caldwell—who might not otherwise get the help—to return to productive lives.

Jim Caldwell has conquered his handicap and proven his ability. Since starting with the C & P Telephone Company, he has been promoted to staff associate.

And he met and married Karen Bishop, manager of the plant cafeteria. Caldwell is now busy designing a home for them.

REHABILITATED — Blind and paraplegic from a burn accident, James L. Caldwell completed a physical rehabilitation program in 14 months, then took a computer programming course, is now a staff associate at Chesapeake & Potomac Telephone Company. State rehabilitation programs are partly financed by social security.

Have a question about social security and its retirement, survivors, disability or Medicare benefits? See your telephone directory for the phone number and address of the nearest social security office.

Aspermont Rites Held Friday for I. E. Smith Jr., 41

I. E. (Cotton) Smith Jr., 41, was found dead in bed Thursday morning at his home near Hamlin. His physician said he had apparently suffered a heart attack.

Funeral was held at 3 p.m. Friday in First Baptist Church with the Rev. Clyde Cook of Austin and the Rev. James Wood, pastor of Central Baptist Church officiating.

Burial was in Aspermont Cemetery under the direction of Littlepage Funeral Home.

Mr. Smith was an employee of Joe Rimes Oilfield Construction and had lived in Stonewall County all his life. He married Mary Dena July 20, 1966. He was a member of First Baptist Church in Aspermont.

Survivors are his wife of Hamlin; two sons, Eddie, a student at Hardin-Simmons University in Abilene and Doug who lives with his grandparents Mr. and Mrs. I. E. Smith Sr., Mr. Smith's parents; one brother, Thomas of Hamlin; one sister, Mrs. Maxine Brown of Big Lake.

Pallbearers were Tom Rutherford, Alton Boles, Tony Roa, Charles Six, George McCoy and Alvin Graham.

HAIL CURB STUDIES — A California firm, Atmospherics, Inc., received a permit from the Texas Water Development Board to conduct hail suppression operations in the Plainview area from May through October.

Supporters hope to reduce crop-damaging hail by aerial seeding of selected clouds with silver iodide.

I used to have a handicap.

There are an awful lot of other people who could be saying the same thing.

Five million, in fact.

But the real pity is they don't even know it.

What's wrong with them? Heart disease. Cancer. Epilepsy. Stroke. Visual or hearing problems. Mental retardation or emotional illness. Loss of limbs. Or any of dozens of disabling conditions.

What's more, the HURRAH program can help them.

Because HURRAH stands for "Help Us Reach & Rehabilitate America's Handicapped."

HURRAH can provide the job training, the medical aid and the guidance that can make the difference between living a handicapped life and really starting to live.

If you think you've got a handicap, write to HURRAH, Box 1200, Washington, D.C. 20013.

We'll send you free information on rehabilitation, and a directory that lists the rehabilitation agencies in your state.

If we can change your way of life, maybe we can change your mind, too.

NEWS FROM . . .

Sylvester

By MRS R M BABB

Hope you each had a good weekend and for every Mother this coming weekend, please try to have a wonderful day May 9th.

Mrs. J. E. Tindall has returned home having spent two weeks in Stephenville with her daughter Hazel instead of visiting in Marshall.

Mr. and Mrs. Frank Martin of Monmouth, Ore., have been visiting with Mrs. Eivens and Mrs. Frances Dean on the farm home near McCaulley, also in the Milo Gray Home here. Mrs. Eiven and Mrs. Dean live in Ft. Worth.

Mrs. Lee Lanning and daughter Revelie of Elgin Field, Fla. are here visiting with her parents, the Garland Moores of Roby and the Jim Lannings here while Capt. Lanning is on a training mission in Georgia.

Mr. and Mrs. Arthur Maberry of Stephenville visited in the Melvin Thompson home and the Albert Maberry home in Trent.

Mr. and Mrs. A. J. Griffin are spending some time here but will soon return to Oklahoma City.

Melissa Hardwick of Abilene spent the weekend with her parents the Chub Hardwicks.

Guests in the Lea Dickerson home during the last week were Mr. Ray Hale and friend from Ft. Worth, Mrs. Lottie Mooreman and Glenna Cunningham of Abilene, Viola Howell and a friend from Crosbyton, Mr. and Mrs. O. W. Reeves and Tracy of Cisco and Mrs. Ruby Dickerson of Rotan.

Mr. and Mrs. Glendon Early of San Angelo spent Sunday in the Cliff Early home. Cliff was able to spend the weeken at home but returned to the Nursing Home in Roby on Monday. We hope he will soon be able to come home to stay.

Mrs. Lea Dickerson visited Mrs. Ed Aldridge in Rotan last Wednesday.

Mr. and Mrs. Irl Walker of Merkel visited for a short time in the Dickerson home on Saturday evening.

I have always said if people in Sylvester decided to do something, they would get it done. We have a huge "THANK YOU" to each and every one that helped out in any way Saturday to clean the Sylvester Cemetery. A beautiful job was done and it looks wonderful. We still hope for donations to help to keep it clean.

Mrs. Vada Riggs and Mrs. Walter Young of Abilene spent some time Saturday afternoon with Mrs. May Hurst.

Mr. and Mrs. W. B. Brown drove to Levelland and spent the weekend in the Max Deel home.

Talked to Dutch Roberts yesterday and he was feeling fair. He seems to be doing better but is still in Hamlin hospital.

Mrs. Jerry Kiser of Abilene is spending a few days in the Roy Kiser home.

Mr. and Mrs. Jack Perkins of Jayton visited relatives in Sylvester Saturday afternoon.

Mr. and Mrs. Joe Perales and children of Albany spent the weeked in the home of Pete Perales.

All Day Training Meeting On Aging Set In Anson Tues.

An all day training meeting for the aging will be held in the Government Housing Project Community Center in Anson on Tuesday, May 11th, according to an announcement this week by Mrs. Arch Herndon, president of the local group on aging and Mr. E. M. Connell, Chairman of the Extension program sub-committee on aging.

Mrs. Theda Gallway, Field Consultant with the Governors Committee on Aging from Austin and Miss Minnie Bell, specialists in Family Life Education-Aging from Texas A&M University, will conduct the training meeting.

The meeting will be attended by delegates from Haskell, Childress, Fisher, Stonewall and Jones Counties. Other aging groups should feel free to send representatives to the meeting if they choose.

The program will start at 9:00 a.m. and conclude at 3:00 p.m. Arrangements for the meetng are being made by County Extension Agents Mary Newberry and Kirby Clayton, along with the Jones County Committee on Aging.

Funeral Services Held Monday for Ira Green, 68

Services for Ira Green, 68, were held at 3 p.m. Monday at the Church of Christ with Gene Johnston, minister, and Rev. Marshall Stewart, pastor of the Church of the Nazarene, officiating.

Mr. Green, a Hamlin resident for 60 years and former Celotex Corp. employee, died at 2:45 a.m. Sunday in Hamlin Memorial Hospital.

He was born Mar. 25, 1903 in Van Zandt County, the son of the late Mr. and Mrs. John Green.

He was married to Hattie Holden at Munday, Jan. 10, 1928.

Survivors include his wife; one son, Charles W. Green of Waco; four daughters, Mrs. Mack (Hopie) Sellers of Hamlin, Mrs. Bill (Irma) Subberth of Jackson, Miss., Mrs. Glenn (Nita) Posey of Rotan and Mrs. Loss (Jo) Story of Abilene; two brothers, Bonnie Green of Lubbock and John C. Green of California; one sister, Mrs. Jones Palmer of Levelland; 11 grandchildren and two great grandchildren.

Burial was in Hamlin East Cemetery.

Pallbearers were Benson Payne, A. L. Gamble, Jim Scott, Floyd Briscoe, Woodie Scott, W. C. Lockhart, Aubrey Burleson and R. B. Boiles.

Mrs. Addie Tabb and Mrs. Wilie Tabb visited in the home of their brother, A. Early and family Wednesday in Big Spring. They attended a piano recital in which Jim Early, a student of Mrs. Jesseal Martin, was presented in a junior recital in Howard County Junior College Auditorium.

Governor Smith signed into law the new "rules of road" legislation to bring Texas highway laws into conformity with other states.

News deadline is noon Tuesday. Tuesday evening events by 10 p.m. Tuesday or 8:30 a.m. Wednesday.

MOTHER DESERVES THE VERY BEST!

JOE HUDSPETH'S

FROM THE FILES . . .

FORTY-FIVE YEARS AGO
(April 30, 1926)

The Herald has received notice that Rotan will be host to a great crowd of visitors on Sunday, May 2, to dedicate their new $100,000 High school building.

Dr. Sandifer of Simmons University will deliver the chief address at 3:00 o'clock in the large auditorium of the building.

Hamlin people have a special invitation to attend next Sunday afternoon to witness the opening or dedication of this splendid new school building.

A special program for mothers and children will be held at the Methodist church at Neinda the Second Sunday in May. Everybody is invited to attend and bring a well filled basket, for this will be an all day program. In the morning the formal exercises by the children and a service for mothers at eleven o'clock hour. There will be special music and a general singing in the afternoon. All the above is said by the request of the committee in charge.

The best class, in the best school, in the best town, in the best part of Texas, presents "Tea Toper Tavern" at the High School Auditorium, Friday evening, April 30th.

There will be laughs, tears, fun, heart-throbs, thrills, love making, marriage and giving in marriage—all in the Senior play and by members of the senior class. It is not necessary to say that this will be the best play ever staged in Hamlin, but we urge you to come and see yourself.

This will be the last public appearance of the Seniors until Commencement night, and every person in Hamlin is expected to come.

TWENTY YEARS AGO
(May 11, 1951)

The mayor and city council as well as citizens of Hamlin were anxiously scanning the skies this week in the earnest hope that a rain would come that would ease the water shortage in Hamlin's new lake.

Estimates are varied as to the length of time the water now in the lake will last even under the emergency curtailment of use now in effect. In anticipation of the posibility that no rains would fall that would add to the water in the lake, the mayor and council have made arrangements to obtain water from wells at Rule and work is going forward to that end.

Rule has volunteered to sell a moderate supply of water to Hamlin should the need arise. It will be necessary that the city build a loading rack at the Rule wells to handle the water for shipment and Mayor Mac Brundage told The Herald that some difficulty had been encountered in obtaining pipe from which to build the rack.

Tentative plan is that each Hamlin household would be allowed 3,000 gallons of water per month from the limited supply allotted to Hamlin from Rule. The loading, transportation and handling of the water in Hamlin is an expensive undertaking and hopes are still expressed that the move will not be necessary.

Large commercial users of the water have been informed that service cannot be continued.

Estimates are that from seven to eight thousand gallons of water are consumed by the average family in normal use.

TEN YEARS AGO
(May 4, 1961)

The Hamlin School Bands under the direction of Tim Jones, will present the second annual Parade of Music Monday at 7:30 p.m. in the high school auditorium.

This is a musical highlight of the year's band activities. The John Philip Susa Band Award will be presented to the senior student who has been outstanding as a band member, and whose attitude and conduct best exemplifies the goals set forth by the school music program.

Tickets for the event will be adults 50¢ and students 25¢. They may be purchased from members of the band.

Following the program a reception will be held in the bandhall for all parents and friends of the band.

Mr. Jones stated, "We feel that the show will be enjoyed from start to finish, and hope that every citizen in Hamlin will be present for an evening of relaxation and listening enjoyment."

The city council has opened West Lake for fishing and permits are available at the city hall or at the lake. The permits are $5 for either the South or West Lakes or $7.50 for both lakes. All fishing permits for the City of Hamlin expired April 30th.

The Jones County Farm Bureau will show a film on Communism Monday night at 8 p.m. in the Anson High School Auditorium.

Everyone is cordially invited to attend the showing.

The Lone Star Gas Company has announced formation of an Area Development department to supplement existing company programs of attracting new industry to its system in Texas and Oklahoma.

Vice President Barndt said the new department is part of Lone Star's continuing effort "to serve our community better."

Neinda Philosopher Wants Ping-Pong Champion China to Try Basketball

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One gets into the ping-pong matches this week.

Dear editar:

According to most newspapers I've read lately, the celebrated ping-pong matches between the Americans and the Chinese champions are opening up a new era in international relations and everybody hopes it's true, but it won't hurt to keep on alert.

If you recall, we got invited I guess that's the word, to a war over in that part of the world and whatever you want to say about the results, they haven't been happy. Nobody knows what the score is or how much time is left, the officiating has been terrible, very few people are left in the cheering section, and changing the coaching staff hasn't warmed up the fans' enthusiasm much.

You never can tell about these Orientals. You notice it was a ping-pong, not a football, team they asked us to send over there to play with.

However, if in discharging our obligations to return the favor, the State Department figures it would be undiplomatic or indelicate to ask the Chinese to send a football team over here to take on the Baltimore Colts or the Dallas Cowboys, why not ask them to send over a basketball team? We've got to even up this ping-pong thing one way or another. You ever see any seven-foot Asiatics? Let's get em over here before Wilt Chamberlain or Bill Russell get to old.

Seriously, sports may be the answer to world turmoil, and I've got a plan. There are now nearly 500 million television sets in the world and as everybody knows, football, once a fan gets hooked on it on television, leaves no time for much of anything else.

Since a football player can't hold up to playing 12 months out of the year, the world should be divided into three conferences, one to play during the fall and early winter, one in the spring, and one in the summer, with all games televised world-wide. It might take a little time for a fan in Hamlin to get interested in the Peking Bandits or the Sidney Kangaroos, but it could be done.

You get an average of 3 people to the set, and you'd have nearly a billion people glued to their screens watching football the year around.

Where's the leader who could work in a war under these circumstances?

Yours faithfully,
J. A.

To Attend David Lipscomb College

Miss Elma Ree Mayes, daughter of Mr. and Mrs. James Cornelius Mayes, Sr., North East Avenue L, Hamlin, has been accepted for admission at David Lipscomb College, Nashville, Tenn.

She plans to begin her studies at Lipscomb in the summer quarter and will be majoring in accounting. A transfer student from Southwestern Christian College, she is a 1969 graduate of Hamlin High School.

Student Initiated Into Honor Society

James Knabel, Spanish language student at Hardin-Simmons University, was among 13 H-SU students initiated into Alpha Mu Gamma, national foreign language honor society.

Initiation was Saturday, May 1.

James is the son of Mr. and Mrs. Gene Knabel.

MOTHER

It is so important that a child feel secure and loved the first weeks and months of its life. Our foremost authorities say that if a child's spiritual and emotional welfare is neglected in the early weeks of life, there is a great chance of permanent damage to its personality growth.

Therefore, on this day, we honor not only the beloved mothers of our adults and youth, but the very young mother who has both the tremendous responsibility and the precious opportunity to mold the life and character of the very young child. May she seek early God's help, who in the person of the Son, said, *"Suffer the little children to come unto me."*

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

LETTERS TO EDITOR

Expresses Thanks For Clean Up Work

Dear Editor,

I would like to publicly voice my thanks and appreciation to the men of the BCD and city employees who have been giving of their time and efforts in an attempt to clean up our city. It has not been easy and it will never be an easy task, but with the help of each and every citizen we can make Hamlin one of the prettiest towns in Texas.

The thing that worries me is the lack of interest and help of so many people. All of the work so far has been dne by about 20 men. Does this mean that the rest of the men do not care about the appearance of our home town? If each man would give 3 to 4 hours one night per month, by the end of the summer Hamlin would be a much cleaner place to live. Some of the ladies organizations are beginning to take an active part and their help is greatly needed and appreciated.

If you do not believe these men have been working, drive out the Stamford Highway and look just west of the Baptist Mission and see the mountain of junk cars that have been picked up. But, there is much more to the cleanup campaign than picking up the cars and there is something that each one of us can do.

Are you willing to do your part to make Hamlin a cleaner, prettier place to live?

Again, my thanks to all who have helped and had a part in the cleanup campaign.

Sincerely,
Harold D. Fleming
Pastor
North Central Baptist Church

Bill providing for 10-2 jury verdicts and comparative negligence doctrine in some civil damage cases was passed and sent to the governor who is weighing advice to veto it.

STATE Capital NEWS

By VERN SANFORD

AUSTIN, — Tax bill action switched back to the House this week after Senate passage of a $662.3 million revenue measure.

Senate passed its version of the tax bill 22-9 after rejecting six separate attempts to insert a corporation profits levy by narrow (usually 16-15) margins and six other amendments. Only amendment of substance attached in floor debate was a half-cent-a-gallon increase in diesel fuel levy to make it the same as the gasoline tax.

Here is what the bill (HB 730) now calls for and its estimated biennial yield:

Increase sales tax rate from 3.25 to four percent, $288.5 million.

Increase motor vehicle sales tax to four per cent and bring auto rentals under levy, $79.4 million.

Raise corporation franchise tax from $3.25 per $1,000 to $4.50, $102.6 million over three year period.

Increase cigarette tax three cents a pack to 18.5 cents, highest figure in the nation, with one cent dedicated to park development, $46.7 million.

Raise the gasoline tax from five to seven cents a gallon, $102.1 million.

Increase beer tax from $4.30 to $6 a barrel, $28.8 million.

Increase diesel fuel tax one half cent, to seven cents a gallon, $4 million.

House Speaker Gus Mutscher took an early dim view of the gasoline tax in particular, and a conference committee was expected to adjust differences.

Stripped from the House bill were taxes on hotel rooms, stock transactions, jet fuel, admissions and entertainment and sand, gravel and shell. Senate also more than doubled the House verson of the franchise tax.

COURTS SPEAK — State Supreme Court agreed to set a hearing on the issue of whether district attorneys can file a barrage of suits to prevent stores from using various devices to get around Texas' Sunday closing laws.

A Houston clinic can be sued along with a doctor-partner in it for alienation of affections, Supreme Court held in a split decision.

High Court, reversing an intermediate court, held that the Austin suburb of West Lake Hills is a legally-incorporated city, but its attempted annexation of territory to the north of its original boundaries is invalid.

Third Court of Civil Appeals held that six Texas A & M University employees cannot draw state salaries and serve on the College Station City Council at the same time.

Same Court reversed the state savings and loan commissioner's finding that a charter should be granted to a savings and loan concern in Pasadena.

A new trial of the disputed sale contract involving a Killeen radio station was ordered by the Third Court.

AG OPINIONS — Legislations permitting the transfer of persons convicted of a felony at their request to the state prison system pending appeals of criminal cases is costitutional, Atty. Gen. Crawford C. Martin has held. Martin warned that constitutional problems may arise if such prisoners are required to work or disciplined as convicts.

In other recent opinions, Martin concluded that:

A coin operated machine delivering trade discount tickets and options to purchase other tickets is an illegal gaming device.

Potter County may contract with a private non-profit institution for the care and supervision of juvenile delinquents.

A water supply corporation organized under Article 1434a, civil statutes, is required to operate as a no-profit corporation.

Harris County domestic relations judge may serve on Texas Southern University board of directors.

City or county bond interest and sinking funds may be used only for paying interest on bonds or redeeming them.

Travis County may employ an ambulance service for residents outside audience and use city streets for transporting patients to hospitals without a city franchise if all safety standards are met.

LIVESTOCK EXPORT RECORDS SET — Agiculture Commissioner John C. White pointed to a dramatic increase in breeding swine and beef cattle exported from Texas during th first quarter of 1971.

White said Texas producers are continuing to set the pace for the nation in swine exports to foreign countries.

Swine exports jumped 240 per cent over the previous year during the first quarter, and beef cattle exports 140 per cent.

Mexico continues to be the best market for export sales, although shipments are made to 20 countries, White said.

HAIL CURB STUDIES — A California firm, Atmospherics, Inc., received a permit from the Texas Water Development Board to conduct hail suppression operations in the Plainview area from May through October.

Supporters hope to reduce crop-damaging hail by aerial seeding of selected clouds with silver iodide. About 550 backers contributed $128,600 to finance the cloud-seeding.

WELFARE ECONOMIES URGED — Lt. Gov. Ben Barnes followed through on his warning that medicaid welfare spending may "bankrupt" the state with proposals for trimming the bill an estimated 25-30 per cent for 1972-73.

Barnes suggested these steps:

A limit on the time welfare patients can stay in the hospital.

A limit on the cost of hospital rooms.

A fixed fee schedule for doctors on welfare cases.

A surgical benefit schedule as in private insurance plans.

SMITH REQUESTS PARK FUNDS — Governor has urged federal authorities release more than $3.2 million in Bureau of Outdoor Recreation funds for 20 state and and 34 local park-rec-projects.

He accused the Republican administration of delaying funds "for partisan political reasons." Smith said the BOR is awaiting advice of federal solicitor and U. S. District Attorney Segal Wheatley of San Antonio before approving projects signed by Pearce Johnson, Parks and Wildlife Commission chairman as state liaison officer in parks matters.

Johnson blocked the use of $2.1 million in BOR funds released for Mustang Island ark purchase early this year with federal court action.

Largest of the grants being held up is $731,300 for the new McKinney Falls State Park.

SHORT SNORTS

Governor Smith signed into law the new "rules of road" legislation to bring Texas highway laws into conformity with other states.

Also signed by the Governor was a bill to provide a special pool for insurance coverage in areas subject to hurricane and tornado disaster.

Bill providing for 10-2 jury verdicts and comparative negligence doctrine in some civil damage cases was passed and sent to the governor who is weighing advice to veto it.

. . . gets appointment

Grandson Gets Air Force Academy Appointment

John Patterson, son of Mr. and Mrs. Alton Patterson of Ballinger and grandson of Mr. and Mrs. Johnie Agnew of Hamlin, has been appointed to the United States Air Force Academy.

He received a nomination from Congressman Omar Burleson in January and got the message last week that he had been found fully qualified for admission.

Patterson was born in Hamlin Feb. 1, 1953, and will graduate this month from Ballinger High School. He has served as president of his class for four consecutive years and is now vice president of the Senior Class. He was chosen class favorite two years and is the current Mr. Ballinger High School. He is also a member of the National Honor Society and played fullback and linebacker on the Bearcat football team.

He is scheduled to report to the Academy in Colorado Springs, Colo, July 5.

Patterson's mother is the former Ann Agnew, a graduate of Hamlin High School with the class of 1949.

Rep. Frank Calhoun To Attend Seminar On Health Needs

AUSTIN, — Some 30 state legislators from 15 southern states will convene in New Orleans, Louisiana May 6-7 for an important seminar on "The Health Needs of the American Public."

The meeting, co-sponsored by the National Society of State Legislators, The Council of State Goverment, and The National Legislative Conference will be held at the Sheraton Charles Hotel in New Orleans.

Texas State Representative Frank W. Calhoun, Abilene, is a member of the Board of Governors of NSSL.

Topics to be explored include the nature and degree of shortages and maldistribution of medical care personnel and facilities; major reasons for zooming health care costs; the role of group practice plans; advantages of ambulatory or "out-patient' care; means to make medical care more available in economically depressed areas, proposals for national health insurance now before Congress, and the role of state governments and legislatures in these areas.

"Health care is one of the most vital and important political and humanitarian issues facing us today," Representative Calhoun said. "We expect this seminar to be an invaluable and enlightening experience for concerned legislators in the South", Representative Calhoun added.

Speakers scheduled include Mr. Vernon Seifert, Executive Director of the New Orleans Area Health Planning Council and Dr. Walter Burnett, Director of the Graduate Program in Health Services and Hospital Administration for Tulane

Roby Fiberglass Firm Sets Open House Saturday

Roby Fiberglass Manufacturing Co. will hold open house Saturday, May 8, from 9 a.m. to 7 p.m., according to Mr. and Mrs. Ivin Martin, owners.

Fiberglass employees: Mr. and Mrs. Melvin Thompson, Kenneth Martin, Roy Whisnat, Jimmy Hess, Bud Ely, Troy Moore, Scott Pardue, invite everyone to see their products on display.

They build Dune Buggie bodies, spray tanks from 110 gallons to 1000 gallon sizes, buildings, cattle watering tanks, automatic water troughs with float and electric heaters, dog houses in two sizes, 4 wheel syrup feeders in three sizes, salt feeders for cattle, and storm cellars with vents, stairs and hand rails and doors, ready to use.

They construct pickup campers, fishing boats, house trailer shells, tool boxes for pickups, and numerous items for use in and around the house or farm. They even have glass cowheads for ropers to practice roping on.

The public is cordially invited to come and see the products Saturday. Refreshments will be served.

Mr. and Mrs. Joe A. Simpson attended the presentation of Mendelssohn's "Elijah" by the Hardin-Simmons University School of Music combined choirs and orchestra Sunday evening in the Abilene Civic Center. Featured on the tuba was C. A. Jenkins of Hamlin. Several from Hamlin attended the event.

Also signed by the Governor was a bill to provide a special pool for insurance coverage in areas subject to hurricane and tornado disaster.
